

Iosefa Leiataua Iosefa

Faafafine

Live your life to the fullest
of who you are
and what you are
How you live your life
is none of my
or anybody else's business.
You are Faafafine
Not homosexual
Your are the third sex.
you are the Sons and Daughters
Of this land, this culture
You are human beings
And deserve to be treated as such

I'm starting not to recognize you
As I see you
Slowly melting into the western pot of Gayism
Which is the root of all misconceptions about you
You're a cog in the wheel of meaning
But only if you remain Faafafine
Not Homosexual.
